Summer Term

Dear Parents and Carers,

We hope that you have all had a very enjoyable holiday and are fully rested. We can't believe we are already into the summer term! We have got lots of exciting things planned; to keep you informed of your child's education, an overview of the learning for this term can be found overleaf. We will be finding out about the history of Nottingham Castle and, in Science, we will be investigating the life cycles of plants and animals. We will also be starting the Great Project. This is delivered over four weekly sessions and is designed to promote healthy relationships and provide domestic abuse awareness to Year 5 pupils. Each session has identified aims, learning outcomes and links to the RHSE curriculum.

There will also be daily Maths and English lessons. In English, we start by studying The Highwayman poem before moving on to Kensuke's Kingdom by Michael Morpurgo. In Maths, we will be drawing and measuring angles, plotting coordinates and continuing to work with decimal and negative numbers. The maths homework will relate to the work we have been doing during the week and will be posted on the Year 5 page of the school website alongside the class homework and weekly spellings. Remember, you can also keep up-to-date with your child's learning on the class Dojo page where you will find weekly updates and photos of what your child has been getting up to in school.

There are lots of special events planned this term including a trip to St Leonard's Church in Wollaton as part of our RE curriculum, a Wellbeing Day and Fernwood Festival. The dates for these events can be found below:

17th April—visit to St Leonard's Church

24th April—Great Project starts (this will take place every Wednesday up to 15th May)
